WHO WE ARE

A standard you can see.

Mega Clean is a professional cleaning company serving homes and businesses across Massachusetts.

Houses, apartments, condos and offices — for families, property and office managers, realtors and landlords.

WHAT DRIVES THE WORK

Mission and vision.

One says what happens on every visit. The other says where the work is going.

OUR MISSION

Arrive on time, follow the checklist, and leave a space visibly better than it was found.

OUR VISION

To be the cleaning partner Massachusetts keeps — professional enough for a commercial contract, warm enough for a family home.

OUR VALUES

What we stand for.

Six words that describe the crew you let into your home — and the standard they are held to on every visit.

Trustworthy

Insured, screened, accountable.

Meticulous

The corners matter as much as the floors.

Professional

Uniformed, punctual, consistent.

Welcoming

People are let into homes — warmth is not optional.

Organized

Systems, checklists, clear communication.

Premium

A higher standard, priced and presented as such.

WHAT WE DO

Seven services, one standard.

Every visit follows the same documented checklist, whether it is a one-time reset or a weekly stop.

- Deep Cleaning
- Kitchen Cleaning
- Bedroom Cleaning
- Office Cleaning
- Regular Cleaning
- Bathroom Cleaning
- Move-in / Move-out

SERVICE 01 OF 07

Deep Cleaning

Top-to-bottom detail work: baseboards, corners and the spots regular cleaning skips.

Best before hosting, after a season of heavy use, or as the first visit before a recurring schedule starts.

SERVICE 02 OF 07

Regular Cleaning

Weekly, biweekly or monthly upkeep that keeps your home consistently fresh.

Pick the rhythm that fits the household — the tighter the schedule, the less there is to catch up on.

SERVICE 03 OF 07

Kitchen Cleaning

Counters, appliances, backsplash and sink degreased and sanitized.

The room that works hardest and shows it first, brought back to a surface you are happy to cook on.

SERVICE 04 OF 07

Bathroom Cleaning

Tile, grout, glass and fixtures scrubbed, disinfected and left shining.

Soap scum and hard-water marks take time and the right product. Both come with the crew.

SERVICE 05 OF 07

Bedroom Cleaning

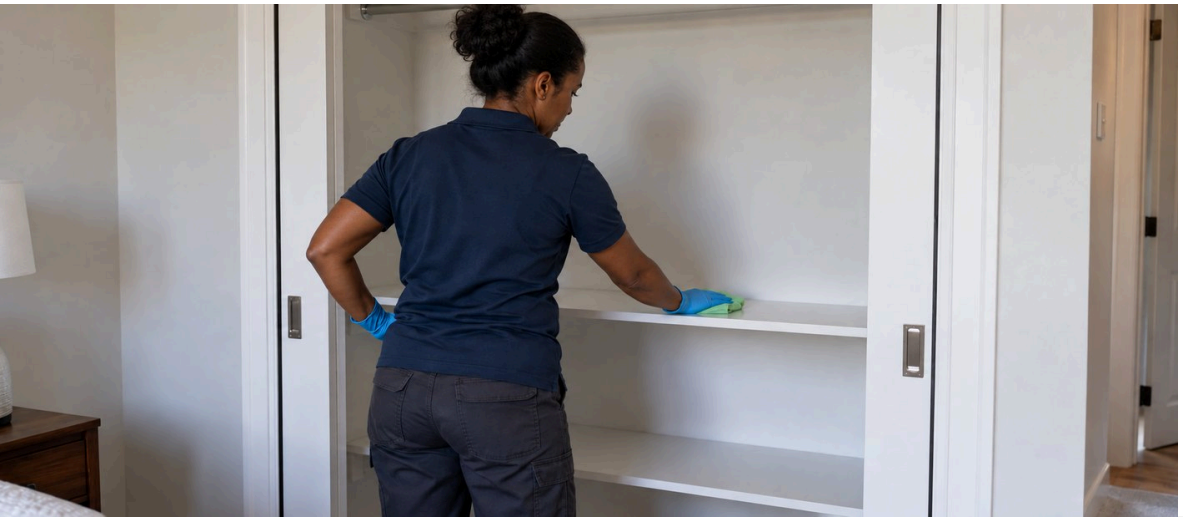

Dusting, floors, linens and surfaces for a room that feels restful again.

Beds made, surfaces cleared and floors done — the room you end the day in, treated like it matters.

SERVICE 06 OF 07

Move-in / Move-out

Empty-property reset for tenants, owners and realtors — ready for handover.

Kitchens, bathrooms, closets and floors taken back to a showing-ready finish, on the short notice a turnover allows.

SERVICE 07 OF 07

Office Cleaning

Workstations, common areas and restrooms kept spotless on your schedule.

We also clean condos, Airbnb turnovers and post-construction spaces — windows, floors and common areas included.
